33. Additional sales restrictions: Each Manager represents and agrees that it has not offered or sold and will not offer or sell, directly or indirectly, any Notes in the Republic of South Africa or to persons resident in the Republic of South Africa except in accordance with South African Exchange Control Regulations and in circumstances which would not constitute an offer to the public within the meaning of the South African Companies Act, 1973 (as amended).
34. Details of additional/alternative clearing system approved by the Issuer and the Agent: None
35. Additional Information: The South African Rand, legal currency of the Republic of South Africa, is not freely convertible and transferable. Although the dual exchange rate system, consisting of a commercial and a financial Rand, was abolished on 13th March, 1995, there are at present still restrictions on capital movements by South African residents. Please note that the relatively high yield of Rand-denominated Notes also reflects the expectations of the market participants with regard to the political and financial situation in South Africa. A negative change in the exchange rates of the Rand against other currencies may impair the value of the investment of non-Rand-based investors.
